Game Description

Rainin' Money from Iron Dog Studio is a dynamic and visually captivating game. With its cartoon-style American high-street / Wall street theme, players will embark on a thrilling adventure.

Featuring an ante bet feature - the first in Iron Dog Studio's rich portfolio - Rainin' Money provides your players with enhanced betting options that amp up the gameplay.

Across the game, the Rainin' Money feature can be triggered to award players with a pick-me feature in the style of money falling from the sky.

The player can tap the cash to trigger stake multipliers and additional picks, enhancing interactivity. The ante bet doubles the chance of this feature.
