Game Description

AD LUNAM brings to life the classic Rock Paper Scissors game with a more modern twist that promises to keep every player engaged!

How it works: AD LUNAM redefines a classic arcade mechanic, delivering an electrifying fusion of tradition and innovation. Players place their bet (rock, paper, or scissors) and are matched up against the computer. If they draw, they proceed to the next round & increase their winning multiplier. If the round ends in a win their stake is multiplied by an x amount depending on the round; soaring from 1.5x to 100x!

But that's not all! Rock Paper Scissors DRAW! invites players to sharpen their tactics and anticipation skills as the stakes rise on each round. If they draw enough times in a row, they'll win even if they lose! From rounds four to six, stakes get a 3x boost on losses, and from rounds seven to nine, they skyrocket to 10x!

With interactive gameplay designed to increase player investment, Rock Paper Scissors DRAW! promises rounds of excitement and anticipation with every bet.
