## Game Description

Red Zone Blitz by Iron Dog Studio is a 5-reel, 3-row video slot, offering up to 576 ways to win. This slot is inspired by American Football and honours the magic happening on the field. Its key features include **Freespins**, **Pick-me** bonuses and a **Collector**.

The magic starts in the base game when the Receiver Symbol collects all the American Footballs landed, as it stops on the horizontal reel. Each ball has a unique value which gets awarded to the players.

The anticipation builds up once 3 Jerseys are landed, triggering the Freespins feature. The player is granted the sum of the Jersey numbers in Freespins. Rack up even more Freespins by landing additional Jerseys (two or more) during the feature, maximising the thrill.

The excitement goes to another level when a Golden American Football lands, unlocking the Scoring Plays Bonus feature - only available during Freespins. The player then aims and scores! The more Golden American Footballs landed, the more scores they'll get, leading to potentially bigger wins.
