Game Description

Do you have what it takes to conquer the towering heights of Mount Everest and claim breathtaking rewards? Then brace yourself for the ultimate challenge in Everest Avalanche!

The journey to the summit is not for the faint-hearted. Watch your step as you ascend the Multiplier Mountain, where every winning tumble propels you closer to the summit! The higher you climb, the greater the multipliers, starting at 2x and ultimately reaching a jaw-dropping 50x multiplier at the mountain's peak!

But beware—the oxygen is thin, and the stakes are high! If you want to fast-track your journey, the Ante Bet is your secret weapon. Activate it to skip some of the lower multipliers, boosting your odds of reaching that sparkling 50x multiplier after just three successful tumbles.

Are you ready to endure the icy storm, push beyond your limits, and reach the glittering summit of Mount Everest?
