## Game Description

**Juan-Carlos, Enrique, and Señorita Carmelita** are bursting with fiesta fever! Dancing piñatas, mouth-watering jackpots, and tunes so catchy you'll want to dance *salsa* all night long—**Piñata Go Go** is your ticket to a lively Mexican fiesta, where three charming piñatas are brimming with fantastic payouts, amazing jackpots, and sweet wins!

The celebration begins when the player enters **Fiesta Hold & Win** mode by landing 6 or more coins, granting three respins that renew every time a new coin lands! Once in Fiesta mode, get ready to cha-cha-cha when coloured coins appear: **Blue coins** add a random value (2/3/4/5/6/7/8/9/10x) to all other coins on the board with a cash value. **Green coins** transform into a random cash value, while **Purple coins** collect the value of all coins on the board, including mystery coins and collectors! But remember: Only coloured coins that land during the trigger spin can land again in Fiesta Hold & Win mode!

If that doesn't get your maracas shakin', when a coloured coin lands during the basegame but isn't enough to trigger Hold & Win, there is a chance that the three piñatas will activate a sweet coin shower full of surprises!

And for that extra dash of luck, landing three scatters during the base game triggers the **Freespins** feature, granting 10 freespins to keep the fiesta going 'til Cinco de Mayo!

No more *siesta*—join the fiesta! Spin the reel, test your luck, and enter a vibrant Mexican paradise with Piñata Go Go!
