Game Features

FREESPINS TBA HR

Landing **3+ Scatters** activates the piggy **Freespins** feature, granting 10/15/20 spins! Once in Freespins mode, each Collector that lands on the board fills the trail at the top of the board and ramps up the chances for additional spins and boosted multipliers!

Game Description

Top up the piggy bank and bring home the bacon with **Iron Dog Studio's** latest porky adventure, bursting with special symbols, cash showers, and a healthy dose of piggy charm!

During the base game, watch as the glass piggy bank fills with money, collecting coins with every spin. If luck is on your side and you land a **Collector** symbol, it will gather the cash value of all coins landed!

That's not all! If a Collector lands and no cash symbols get landed, there is a chance of triggering a **coin shower** with cash symbols raining down the reels—leaving you feeling happier than a pig in mud!

Pig out by landing **3/4/5 Scatters** to activate **10/15/20 Freespins** respectively. But don't go hog wild just yet—every Collector that lands during Freespins contributes to the **Collection Trail** at the top of the board! Each win rewards players with extra spins and increasing multipliers!

Piggyback your way to incredible rewards and unleash your inner cash piglet—from the snout to the tail—with **Piggy Bank Cash!**
